

STAFFORDSHIRE SEARCH AND RESCUE TEAM

Role: Volunteer Search Dog “Dogs Body” (“Friend of SSART”)

Information

As a Volunteer Search Dog “Dogs Body” for the team and associated organisations, you will be invited to specific events to ‘hide’ for the purpose of training search dogs and dog handlers. This is a vital role to the team and allows our search dogs (and humans!) to practice finding people in a range of different scenarios. This is a non-uniformed role and requires *ad hoc* attendance at different training locations around Staffordshire.

Prerequisites

- Access to reliable transport to travel to parts of Staffordshire (and beyond)
- Be at least 18 years old, or supervised by a responsible adult
- Be able to attend a proportion training exercises (sometimes including weekends), typically once every two weeks

Responsibilities

1. Love working with dogs!
2. Enjoy the outdoors
3. Be prepared to look after yourself, and cope on your own for approximately 60-mins
4. To act as an exemplar of professional behaviour at all times
5. Be willing to take instruction from dog handlers

Staffordshire Search and Rescue Team is a Registered Charity: 1105836 And a full member of the Association of Lowland Search and Rescue the UK's governing body of Lowland Rescue™
